LUNCH FAX FORM

Today's Date:.....

Your Name:.....

Available for lunch Monday to Friday excluding public holidays.

As a result of recent misunderstandings with fax orders it has been decided to use a pro-forma order form in an effort to eliminate errors in ordering. Also, it is a condition of this fax ordering that all meals be paid for on arrival at the bistro.

In addition, we will endeavour to have meals ready at the designated time. In the past we have tended to hold back because on most occasions patrons arrive 5 to 10 minutes after the stated time & this often results in overcooked or cold meals. So, in an effort to eliminate this problem, you should advise us of your intended time of arrival (eg. 1.10pm) rather than the time your lunch break starts.

Please also be advised that the onus is on the person filling out the order to check that the correct meal has been selected as changes will not be permitted once meals have been prepared.

Beef Bourguignon
prime beef, slowed braised with mushrooms,
served with an onion & red wine gravy,
vegetables & herb chats.....12.90
